I Remember...

I remember every little moment in Westport High School and I know that I'm so lucky to have grown up with the most beautiful and intelligent individuals who I will be leaving alongside this year.
-Brooklyn Barboza

I remember playing in highly intensive home games during the states tournament. The stands full, and I was surrounded by my friends.
-Jess Carney

I remember the countless times Mr. Millet would give his students chips and waters during class. -Abby Sousa

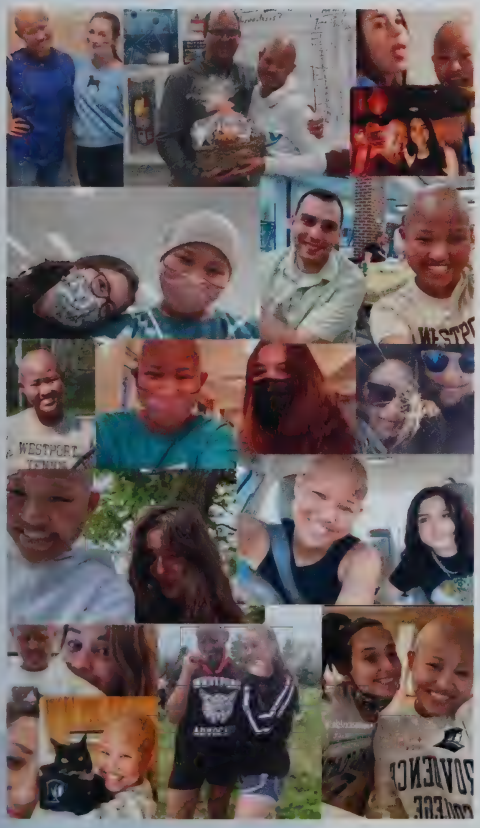
I remember that as a freshman, I wanted to be a senior so bad. But now, senior year has come and I want to be a freshman again. I remember all of the amazing teachers at WHS and the friendships I have created. High school went by way too fast. -Maeve Leary

I remember the amazing and wonderful teachers that have found a way to make me enjoy these classes, as well as bringing me and the best people I've ever met together, and I'm proud to leave here with the people I'm honored to call my friends, as well as the memories I've formed from friends and teachers alike.
-Shawn Landry

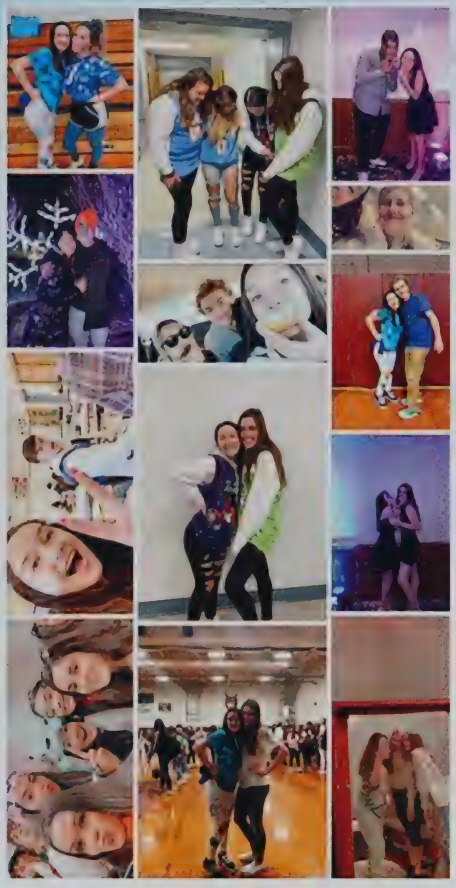
I remember Mr. Ferriera doing the splits in my freshman biology class.
-Abbey Proffitt

Thank you for all the knowledge I can put foward into starting my life.
-Maximus Lavoie

I remember playing Mario Party with some of my closest friends in the middle of a field near the end of 10th grade. It was moments like that I realized these are the people I want to stick by me as long as possible. These are the people that support me to the end, and they mean the world to me for that . Thank you for the memories, and I hope we have so many more to come.
-Nichole LePage



I remember starting out my freshman year so concerned about how it would go but everyone was so welcoming. Within the past four years, all the teachers and staff have been so understanding and helpful. They always have a smile on their face. Not only that, but my classmates. We have all grown up together and become so close. I have made so many memories with my friends that will never be forgotten. Especially out on that field hockey field, we always have eachother's backs.
-Jenna Carvalho



I remember being the new girl halfway through my sophomore year and feeling so out of place and alone. I struggled with letting new people into my life and learning new things. The shock of being placed in a completely different environment was almost impossible to adjust to, until I met my best friends. It took me until the middle of my junior to finally find people who I shared interests with. I experienced what a real, mutual, and healthy friendship was like, and I will forever be grateful for them. To this day, they are my best friends, and I can say that switching schools was one of the best decisions I could have ever made.
-Deja Dominguez

I remember during my time at WHS, I've made many memories that I'll never forget. I remember going to DECA states with Ava and how we got to roam around Boston and Copley Place together. I remember my Dual Enrollment block with Danny and all of the online shopping we did. I remember Bella's seventeenth birthday at Olive Garden. I remember the many trips I took with friends to the beach, the mall, and out to eat during our free time, and I remember my AP English I I class and the times we hung out together outside of class.
-Siena Moniz

I remember running around the field hockey field and doing parkour because we didn't want to run, people watching us must've thought we were crazy jumping over fences and doing gymnastics for 20 minutes lol. -Ava Matos

I remember my piano class with 7 people. Westport is small and that means word travels fast. Sometimes it was a bad word, but more often than not it was a good word. There was always a teacher to congratulate you on an accomplishment or a student to support you during a tough time. The Westport community surrounded me, but never suffocated me- almost like a hug. I will always remember Westport High School as a place I felt truly accepted and encouraged to fearlessly be myself.
-Emily McMahon

I remember spending a lot of time in the drama club and meeting people I normally wouldn't encounter! I had so many fun experiences, met so many people, and finally felt like I truly belonged somewhere.
-Jenna Moniz

I remember coming into a new school being super nervous, but having people welcome me with open arms. All of the memories I've made have shaped me into the person I am today, and I owe it to Westport High School.
